

# Learning Log: Reflect on your skills and expectations

<b>Date:</b> 13.08.2023	<b>Course/topic:</b> Course 1: Foundations: Data, Data Everywhere																																		
<b>Learning Log:</b> Reflect on your skills and expectations																																			
<b>Complete the Analytical Skills Table:</b>	<p>Here is the Analytical Skills Table for you to fill in. Put an "X" in the column that you think best describes your current level with each aspect.</p> <table border="1" data-bbox="391 562 1430 1457"> <thead> <tr> <th><u>Analytical Skill</u></th> <th><u>Strength</u></th> <th><u>Developing</u></th> <th><u>Emerging</u></th> <th><u>Comments/ Plans/ Goals</u></th> </tr> </thead> <tbody> <tr> <td>Curiosity</td> <td>x</td> <td></td> <td></td> <td>Keep following my interests</td> </tr> <tr> <td>Context</td> <td></td> <td></td> <td>x</td> <td>I need to understand how i can put data in context</td> </tr> <tr> <td>Technical mindset</td> <td></td> <td>x</td> <td></td> <td>Throughout my education, I was confronted by many problems. I learned how to organize myself. Nevertheless this skill needs to be more representative in my life.</td> </tr> <tr> <td>Data Design</td> <td></td> <td></td> <td>x</td> <td>I want to improve this ability to plan a clean data analytics project</td> </tr> <tr> <td>Data Strategy</td> <td></td> <td></td> <td>x</td> <td>This is what i need to learn about in order to execute clean data analytics</td> </tr> </tbody> </table>					<u>Analytical Skill</u>	<u>Strength</u>	<u>Developing</u>	<u>Emerging</u>	<u>Comments/ Plans/ Goals</u>	Curiosity	x			Keep following my interests	Context			x	I need to understand how i can put data in context	Technical mindset		x		Throughout my education, I was confronted by many problems. I learned how to organize myself. Nevertheless this skill needs to be more representative in my life.	Data Design			x	I want to improve this ability to plan a clean data analytics project	Data Strategy			x	This is what i need to learn about in order to execute clean data analytics
<u>Analytical Skill</u>	<u>Strength</u>	<u>Developing</u>	<u>Emerging</u>	<u>Comments/ Plans/ Goals</u>																															
Curiosity	x			Keep following my interests																															
Context			x	I need to understand how i can put data in context																															
Technical mindset		x		Throughout my education, I was confronted by many problems. I learned how to organize myself. Nevertheless this skill needs to be more representative in my life.																															
Data Design			x	I want to improve this ability to plan a clean data analytics project																															
Data Strategy			x	This is what i need to learn about in order to execute clean data analytics																															
<b>Reflection:</b>	Write 2-3 sentences (40-60 words) in response to each of the questions below.																																		
<b>Questions and responses:</b>	<ul style="list-style-type: none"> <li>What do you notice about the ratings you gave yourself in each area? How did you rate yourself in the areas that appeal to you most? <i>The ratings I gave to myself are mostly critical. My strength at the moment is the curiosity I have in this subject right now.</i></li> <li>If you are asked to rate your experience level in these areas again in a week, what do you think the ratings will be, and why do you think that? <i>Maybe the ratings shift towards developing. And that is what I expect from participating in this course. I think turning these skills to a strength will take</i></li> </ul>																																		

---

	<p><i>more time than a week, because I think I must use the knowledge gained in this course to conduct real data analytics projects.</i></p> <ul style="list-style-type: none"><li>• How do you plan on developing these skills from now on? <i>I plan to finish this course to get the knowledge about data analytics. Every time I learn something related to Data Analytics I ask myself how does this knowledge influence these analytical skills. Maybe I use this template every once in a while to update my ratings. Maybe this would give me some more confidence in myself.</i></li></ul>
--	---

## Learning Log: Explore data from your daily life

<b>Date:</b> 13.08.2023	<b>Course/topic:</b> Course 1: Foundations: Data, Data Everywhere
	<b>Learning Log:</b> Explore data from your daily life
<b>Create a list</b>	Create a list exploring an area of your daily life and include details, such as the date, time, cost, quantity, size, etc: <ul style="list-style-type: none"><li>• Screenshot</li><li>• Time of day</li><li>• purpose</li><li>• Electricity consumption</li><li>•</li></ul>
<b>Reflection:</b>	Write 2-3 sentences (40-60 words) in response to each of the questions below.
<b>Questions and responses:</b>	<ul style="list-style-type: none"><li>• Are there any trends you noticed in your behavior? <i>I have a lot screenshot in a day. I use my PC mostly in the evening. Since I study Data Science, I use my PC most of the time for education and coding practice.</i></li><li>• Are there factors that influence your decision-making? <i>When i work on something which i have great interest in or when i play a game which i find very fun at the moment. During a semester i have more screenshot, because i learn digitally.</i></li><li>• Is there anything you identified that might influence your future behavior? <i>Type your response here</i> <i>Maybe if my interests s'ifting towards other things, this might influence the screen time</i></li></ul>
